

Installation and Fabrication Specialist

Job Description

Are you good with working with your hands? Are you a "Jack of all trades" and are the go to person to fix things? Know how to use power tools and can handle an auger to install posts? Do you have the knack to come up with creative ideas to resolve installation problems? Do you take pride in your work and like to make things with your hands? Can you read blue prints? Then contact us to talk about this fun position. We need a person to assist with offsite installation for signs and graphics. Learn how to install vinyl graphics onto walls and windows. Install wood, metal and acrylic signs onto walls for both interior and exterior applications. Some projects are new construction and others are existing buildings that we are updating their sign program.

Qualifications

- Positive Attitude and Energy. If your day doesn't begin until noon, this is not the place for you
- Must learn fast and retain what you learned. We understand people may forget things, but if teaching you turns into "Ground Hog Day", this is not the place for you
- Be able to shift gears without having a meltdown. Customer's priorities change and so do ours. Adaptability is key to success.
- Must be reliable and have a positive attitude. Do you see a pattern here?
- Are you better than "good enough"? Because good enough is not good enough here.
- Listen and follow directions. Don't be a know it all because none of us "know it all"

What We Offer

- Health and Dental (contributory) after 90 days
- 401K after one year
- Paid Vacation after one year
- Great Team to work with who will help you succeed.
- Job Type: Full-time
- Salary: \$12.00 to \$16.00 /hour
